Jared had mentioned this possibility to me. I do think it's related to his meeting and our proposal.

Subject: Possible Governor visit to Yerington

At the regular monthly staff level EPA/NDEP/ARC conference call this morning, Jeryl Gardner (NDEP mines program) reported that Sandoval wants to visit Anaconda tomorrow with NDEP. The speculation on our end is whether the timing is at all related to Jared's visit this week. Staff from both EPA and NDEP shared with each other and ARC that they knew the meeting happened but had not yet heard of the outcome.
